

March 7, 2006

*This meeting marks the first use of teleconferencing at a 361 Club meeting. Calamity "Friggin" Jane participated - long distance.*

*Calamity, from Denver, in deep conversation with the lion mask while tasting Champagne through the phone.*

*Although attending by Phone Calamity managed to mysteriously appear in the group picture. She has grown almost as tall as Boon.*

*Unexpectedly, Poncho served dessert that caused no injuries.*

*Jean Laurent the reigning champion was challenged by the ever popular Veuve Clicquot. In her first meeting as a voting member Kit "Friggin" Carson joined Hia "Friggin" Watha and Boon "Friggin" Doggle in a unanimous decision for the "Widow" Clicquot.*

*Something on the table must have scared them.*

*Slyde Rocks*

*Finally, an appropriate location for the official meeting in progress sign.*
