The Yearly Meeting at the Beachthe tradition continues

Delaware has no seaside cliffs

The Voyage

Once again Hia and Boon left Delaware's scenic shores to make the daring voyage across the Delaware bay. Although, judging by Hia's expression it wasn't all that challenging. They succeeded in reaching Ocean City.

Hia at sea

A Great Contest

A Close Decision

The contenders, Roederer Estate (Roto-Rooter) and Taittinger put on a great show. The voting was actually tied with Hia and Kit picking Taittinger while Pancho and Boon selected the Roto-Rooter. However, strict interpretation of the club rules

disallows the vote of the pourer, in this case Pancho. Also, Pancho's history of attempting to influence the outcome for political reasons made it easy to discount his vote. After all the legal wrangling Taittinger was declared the winner.

A Gracious Offer from Hia and Boon

Hia at sea - again

Hia and Boon have been fortunate enough to rent a condo in Kauai in October 2018. They would be glad to host a meeting for any 361 Club members who would enjoy a really long ferry ride.

Random Antics

The ever present Bill Murray

What's in the water bottle?

Although it was not even close to Groundhog Day Bill Murray's (the patron saint of Champagne tasting) presence was clearly felt.

He is everywhere

Fighting over Bill?

Merchandise

Bill, cheese and Calamityware

On the place mat we find playing cards, the latest from Calamityware (Pancho is now the leading distributor). Also a new tee shirt from 361 marketing commemorating the infamous Pimps and Hos meeting.

Poor taste

Traditional Dining

The Important Food Groups

Pizza - a club tradition

Delicious seashore fudge

As always the 361 Club meeting focused on healthy dining. In this case two of the three important food groups were present - sugar and alcohol. Only caffeine was missing. The caffeine was replaced with healthful starch.

Carnage

It Turns Out They Are Just Nuts

Hate

Love

It is apparent that the ongoing love-hate relationship between Kit and Hia has no basis and is clearly a side effect the excessive consumption of the important alcohol food group.

Love

Booze
