A Sad Celebration

Calamity F. Jane

On June 21st the club members met, not to mourn the passing of our beloved Calamity, but to celebrate the joy she brought to us. It is not possible to put into words what she meant to each of us. But the hours sharing stories of her friendship, kindness and zany sense of humor brought smiles to all. Calamity was not only instrumental in founding the club, but was also responsible for the research that resulted in the secret of the club logo – a puzzle solved by very few. Each time we assemble Calamity will be with us (whether Bill Murray shows up or not).

To our friend Calamity
